

Asthma and Anaphylaxis in the workplace

This course is designed to give you the confidence, knowledge, and skills to recognise and manage asthmatic and anaphylactic emergencies including the use of the asthma inhaler and the adrenaline auto-injector.

PRE-REQUISITE UNIT

There are no entry requirements or prerequisites to undertake this training however it is recommended that students have current CPR training as well.

COURSE DURATION

St John offers the following options:

- 6 hours face to face workshop: This is full face to face course and participants are required to attend the full workshop.
- Assessment only: This course is for those who are confident in their skills and only want to complete the assessment.

CERTIFICATE

On successful completion of this course you will be issued a statement of attainment in:

- 22578VIC Course in First Aid Management of Anaphylaxis
- 22556VIC Course in the Management of Asthma Risks and Emergencies in the Workplace

St John recommends, refresher training every two (2) years and/or as per the relevant State/Territory legislation and workplace requirement. The existing course meets the needs of each of the following legislation and it is anticipated that the re-accredited course will meet these requirements:

- Ministerial Order 706 - Anaphylaxis Management in Victorian Schools
- Children's Services Regulations 2009
- Education and Care Services National Regulations 2011

COURSE OUTLINE

This course covers the following:

- Asthma, Anaphylaxis, and allergy overview
- Asthma and Anaphylaxis signs, symptoms, and triggers
- Asthma and Anaphylaxis medications and devices
- Asthma and Anaphylaxis action plans
- Asthma and Anaphylaxis risk management planning for the workplace
- Hands-on-practice in using Asthma inhalers and spacers
- Hands-on-practice adrenaline auto-injector administration (Epi-pen/Anapen)
- Asthma and Anaphylaxis first aid management

ASSESSMENT METHODS

A successful outcome for this statement of attainment will be determined by a range of different methods including written assessment, observation of simulated and practical activities etc.
