Staying Sharp and Active

Keeping our minds active is one of the best ways to support brain health, build cognitive reserve, and strengthen mental connections. Just like physical exercise keeps our bodies moving, simple mental workouts—like the Anagram Square puzzle—give our brains a great workout and help keep us sharp.

This July, St John is proud to help you stay both mentally active and socially connected through our regular community transport trips. Joining us for a friendly day out is a wonderful way to challenge your mind, meet new people, and catch up with friends.

Check your July timetable for all our upcoming social trip details and booking information!

Anagram Square

Rearrange the letters in each row to form a word. Write your answers into the blank grid. The first letter from each word, reading down, will spell the mystery keyword.

Paige

What is your role?

Customer Care Consultant.

How long have you worked with St John Qld?

Since February, and have enjoyed every day so far!

What is your favourite food?

love lots of food but none as much as I love coffee. Does coffee count?

What is your favourite colour?

Pink, a nice millennial shade of pink to be specific.

Do you have any hobbies?

My husband and I have recently just purchased our first home so most of my free time is spent doing renovations. If I am not somewhere patching and painting a wall I am probably hanging out with my 5 year old son.

What is your favourite thing about your job?

My favourite thing about my job is getting to chat with all of our clients every day, and helping them stay independent within their community
