Staying Sharp and Active

Keeping our minds active is one of the best ways to support brain health, build cognitive reserve, and strengthen mental connections. Just like physical exercise keeps our bodies moving, simple mental workouts, like the Anagram Square puzzle, give our brains a great workout and help keep us sharp.

This November, St John is proud to help you stay both mentally active and socially connected through our regular community transport trips. Joining us for a friendly day out is a wonderful way to challenge your mind, meet new people, and catch up with friends.

Check out the November timetable for all our upcoming Community Connections Transport details and booking information!
